**Quick Notes**

**TMM5-X Surgical Stretcher-Chair**

5516 SW First Lane | Ocala, Florida 34474 | 800-237-3377 | www.TransMotionMedical.com

---

1. **Articulating Headpiece**

   To raise or lower height of headpiece, support headpiece with left hand, pull red lever on right side and adjust.

   To adjust slope of headpiece, support headpiece with right hand, pull red lever on left side and adjust.

   **NOTE:** Adjustment of Headpiece is recommended to be performed from BEHIND the patient’s head.

2. **Arm Rail - Lowering/Raising**

   **LOWERING THE ARM RAIL**

   Grasp the top of the arm rail and **Push In Slightly, While Pulling Out On The Rail Release Tab**. Once the arm rail latch is deactivated, the arm rail can be lowered into the down position under the seat. Once under the seat, push in on the arm rail to engage the arm rail retainer.

   **RAISING THE ARM RAIL**

   Lift up on the arm rail until it is in the up position. The arm rail latch will engage automatically.

   **NOTE:** Pull on arm rail after it is raised to ensure it is securely locked.

3. **Quick Release Back Section**

   Located under the seat section, on the patient right side. To activate the release, **Pull Out Lever**.

   **NOTE:** The back section quick release is to be used for emergency purposes only.

---

**IMPORTANT:** **PATIENTS MUST ENTER & EXIT CHAIR SEAT FROM THE SIDE.**
4 Caster Braking System Operation

BRAKE MODE
The braking system is activated by Pressing The Red End Down on any of the brake pedals located on the chair base. When activated, this mode will prevent all four casters from swiveling and the caster wheels from rolling.

STEER MODE
The steer lock system is activated by Pressing The Green End Down on any of the brake pedals located on the chair base. When activated, the caster on the patients right side, near the foot end will lock parallel with the base but the wheel will still roll. The other three casters will swivel and roll freely.

NEUTRAL MODE
The braking system can be placed in the Neutral Mode by ensuring that the Brake Pedals Located on the Chair Base are in a Horizontal Position.

5 Quick Change Battery Pack System

REMOVING THE BATTERY PACK FROM THE CHAIR
Grasp the integrated handle on the battery pack and lift up until the locks disengage. Pull the battery pack away from the mounting bracket.

INSTALLING THE BATTERY PACK ONTO THE CHAIR
Place the (2) circular pins located on the back of the battery pack into the square openings on the battery mounting bracket. Once they are in place, slide the battery pack down until the locks are engaged.

RECOMMENDED BATTERY CHARGING PROTOCOL:
EXCHANGE BATTERY EVERY ONE TO THREE DAYS

6 Surgical Support Leg

To unlock, slide lever in and down.
To lock, slide lever out and up.

7 Positioning Pendant

PENDANT CONTROL
The pendant can be stored on the top of the back section or on the side rails when not in use.

NOTE: The pendant control is NOT INTENDED FOR PATIENT USE.

BACK ADJUSTMENT
The first row of buttons on the pendant control the back section recline level. Press the left button to raise the chair back or the right to lower the back as indicated by the arrows.

LEG ADJUSTMENT
The second row of buttons on the pendant control the leg section incline level. Press the left button to raise the chair leg or the right to lower the leg section as indicated by the arrows.

HEIGHT ADJUSTMENT
The third row of buttons on the pendant control the height of the chair. Press the left button to raise the chair or the right to lower the chair as indicated by the arrows.

SIMULTANEOUS LEG & BACK OPERATION (Auto-Contour)
The fourth row of buttons on the pendant control the simultaneous activation of the leg and back sections. Press the left button to raise the chair leg and lower the back, putting the chair in a flat position. Press the right button to lower the leg and raise the back section, placing the unit into the chair position.

SEAT TILT
The fifth row of buttons on the pendant control the seat tilt. Press the left button to tilt the seat backward. Press the right button to tilt the seat forward.
