An infinite position recliner and transfer chair in one! The TransMotion Medical S400 combines all the features you would expect in a patient chair with the unique ability to manually convert to a lay-flat stretcher configuration. Combined with an impressive 400 pound weight capacity, the following features make S400 the perfect option for streamlining patient transport and transfer:

- Independent leg rest operation
- Adjustable, fold-up foot rest
- Dual drop arms
- Patient lap belt
- Rear push handle
Key Features
Independent leg rest | Adjustable, fold-up foot rest | Dual drop arms | Patient lap belt | Rear push handle | Lays completely flat
