Beauty That Heals

Premium Series Recliners: Inspired by Art & Science

Attractive aesthetics in the healthcare environment can create a sense of patient well being. Both art and science, form and function are imperative to patient satsifaction. So how much can a recliner help a patient heal? Does the caregiver and the facility benefit as well? How so? And what is behind the art and science of a good medical recliner? Here are some key product facts that make a medical recliner more than a chair:

Features	Patient Zone	Caregiver Productivity	Facility Efficiency
Residental Style with Healthcare Grade Vinyl	Attrictive designs create an "at home" feel	Designed for longevity & easy cleaning	Durability that works = fewer repairs
Gas Assist Recline & Infinite Position Backrest	Greater independence + enhanced range of motion	Significantly eases effort needed to help patients recline or sit upright	Enables operational efficiency
500lb Weight Capacity *(*350lb option available)*	Welcoming & spacious confort for patients of all sizes	Clinical seating for patients of all sizes	Eliminates the need for multiple models
Fixed Front Casters with Lock Tabs	Lock tabs allow patients to feel at ease	Foot operated controls reduce the need to bend	Move seating with ease
Optional Side Table(s)	Space for personal items	Ideal level to reduce potential for back strain	Stain resistent, non-porous material enables easy cleanup
Heat & Massages Options	Helps to relax and soothe patients	Enables enhanced patient well-being	Patient satisfaction increases
Lay Flat Feature*	Nocturnal comfort allows patients to sleep through the night	Easy access controls reduce back strain	Flexibility to add capacity for around-the-clock care
Trendelenburg Option*	Secure-Glide™ provides gentle descent	Secure-Glide™ prevents clinician strain	Supports emergency protocol in seconds
Optional Swing Arms*	Enables easier entry	Barrier-free patient transfer	180° swing-away movement for convenient cleaning access
Match Your Purpose*	Additional options and accessories are available including IV Pole, Accessory Hook, Neck Pillow, and more.		

Features and options vary by model
